

10th ASEM WORKSHOP

date

April 16th and April 17th 2020

venue

University of Salzburg, Faculty of Natural Sciences
Hellbrunnerstr. 34 - 5020 Salzburg

Invitation

We cordially invite you to the 10th ASEM Workshop taking place in Salzburg. This annual meeting provides an open forum for discussion among young and experienced electron microscopists in Austria. The Workshop brings together researchers from academia and industry across all career levels in their fields of expertise (life science, material science, physics, chemistry); It will cover all aspects of electron microscopy like sample preparation, cryo-methods, scanning and transmission electron microscopy, FIB-SEM slicing and electron tomography. We especially want to encourage students and young scientists to actively participate, but there will be also invited lectures and presentations from the industry.

Workshop Information

- The workshop will start at 13:00 on Thursday (registration 12:00) and end in the afternoon on Friday (approx. 16:00)
- The conference language will be English
- All students (bachelor, master, PhD, ...) are invited to submit an abstract using the template.
- You may contribute by giving a short talk (about 10 min) or presenting a poster. The number of talks will be restricted due to time restraints.
- Thanks to the support of our sponsors the workshop is free of charge for all ASEM members
- Student ASEM members can apply for reimbursement of travel costs and accommodation
- The upcoming winners of the Fritz-Grasenick-Award 2019 are warmly invited to give an extended talk (25 + 5min each)
- Free parking is available in the underground car park at the venue
- The Historic Gallery of Electron Microscopy located at the venue can be visited during the meeting (see attached folder)
- Conference dinner: Thursday, 16th April 19:00 at the Sternbräu – SternGalerie, Sterngässchen 1
- Further updates and a more detailed program will be posted at the ASEM website:
<https://asem.at/10th-asem-workshop/>
